

ROYAL SUITES

PORT BARTON

WELCOME

The Royal Suites Port Barton is a newly built resort located in the town of Port Barton in San Vicente, Palawan in the Philippines.

The resort is owned by a company located in Spain, specifically in the province of Gerona, which decided to open a new line of business focused on the tourism sector and chose that location because one of the owner's sons was traveling through the area and saw the potential it had. To date, it is he, together with the team, who is managing the day-to-day running of the establishment.

It is located in a strategic and privileged location, just 450m from the beach and 500m from the center of Port Barton. It allows the guests to have the tranquility and rest that the rural area provides, but at the same time, it is within reach of everything.
